We have been running Orthopaedic courses in Cheltenham for several years, starting with the Basic Knee Arthroscopy Course followed by the Basic Knee Arthroplasty Course and more recently the Basic Foot and Ankle Course. In addition we will be running a Wrist Arthroscopy course in 2012.

We invite expert Faculty from all over the country for these courses, which are a mix of lectures and hands-on practice sessions.

We look forward to seeing you at our courses in Cheltenham in 2011/12
